Students Will Learn To Use Watson API With Help From Galvanize's Machine Learning Course

ABIRAMI PILLAI · MARCH 20, 2017

PUBLISHED NEWS/ARTICLES

I used to extensively research and draft articles for the website. I wrote on emerging technologies, startups and ongoing funding rounds.

EDITOR

Not only being part as an event organizer, I used to cover and write about the events, competition and interview designers for the exclusive project they worked on.
